Fear German Red Revolt

Say Commies Might Mock Korean Putsch

Berlin Oct. 20—(AP)—Guns were being handed out to Moscow-trained police throughout the eastern zone today and anti-Communists said Red rebellion in Korea should be a warning to Germany.

"Korea offers a parallel of what would happen in Germany if the western powers should accept Russia's proposal that all occupying forces withdraw from Germany," said Franz Tausch, chief editor of the newspaper Sozialdemokrat, when asked for his opinion of the situation.

"The putsch in Korea is a warning to American policy," added Jacob Kaiser, chairman of the Christian Democratic union, a conservative party.

Karl-Hubert Schwennicke, chairman of the Liberal Democratic party, another right wing group, commented that if western troops are pulled out of Germany "it can be expected that serious unrest would develop—as in Korea—which would give the Soviet union a chance to re-impose its occupation in the interest of peace."

The Germans noted that the South Korean uprising in the American zone broke out the very day Moscow announced Russian troops were beginning to leave Korea. Dispatches from Seoul in the American zone of Korea said bands of soldiers, alleged by Home Minister T. Y. Soon to be communist-led, staged uprisings at two towns.

The Germans recalled that the communists foreign ministers of eastern Europe at the recent Warsaw conference proposed that all occupying powers quit Germany.

"There is no doubt but that the Soviet Union in making this proposal has the same intentions in Germany as shown in Korea," Schwennicke observed.

Tausch predicted that in Germany, as in Korea, the Soviets would leave behind "strong army and police formations" trained to seize control of the Russian zone and infiltrate other parts of Germany.

"This plan is already being prepared in the Russian zone today," he declared.

If Russian troops then should return to Germany under the pretext of quelling unrest, he added, "this time they would not stop at the Elbe river, but would also bring western Germany under communist dictatorship."

The communist press acknowledged the existence of a "people's police" in the eastern zone, but said it was needed to guard the "new democracy" there from the "reactionary menace" of western Germany.

Wisconsin Farm Hand Dies After Reign Of Terror

Hazel Green, Wis., Oct. 20—(AP)—A farm hand who terrorized a family and was captured after a three-hour siege by a posse died in a hospital here this afternoon.

He was Virgil Wilkinson, 42, who Sheriff Gaylord Thomas said wounded himself during the siege last night.

Wilkinson had been seized at the home of Mr. and Mrs. Herbert Hardiman near Benton, a few miles from here. The Hardimans had escaped from the house and called officers several hours after Wilkinson had started a reign of terror.

The Hardimans have five small children, but none was hurt.

The Hardimans said Wilkinson cut them and fired numerous shots in walls of the house.

Israeli Cabinet Fails To Act On U.N. Command

Tel Aviv, Israel, Oct. 20—(AP)— Fighting flared with new violence in Southern Palestine tonight as the Israeli cabinet met without acting on the United Nations Security Council's cease-fire order.

(All Arab countries will join in the present Palestine warfare as the result of Israel's continued "aggression" against Egypt and disregard of the cease-fire order, Abdul Rahman Azam Pasha, secretary-general of the Arab League, told newsmen Wednesday night in Cairo. A 35-minute air-raid alert was sounded tonight in the Egyptian capital.)

The cabinet adjourned for a recess tonight without reaching a decision on a cease-fire order, although earlier the foreign office had told U.N. representatives the time and date an Israeli cease-fire would be ef-

Troops Invade American Occupied Zones In Korea

Seoul, Oct. 20—(AP)—Possibly 4,000 Korean troops—reportedly communist-led—seized two south coast cities today and advanced on a third in a bloody revolt against the new republic in U.S.-occupied South Korea.

President Syngman Rhee sped back from a Tokyo conference with General MacArthur, declared martial law, and ordered strong troop and police detachments sent south.

Authorities said a pitched battle was possible sometime tonight. It is the first stern test for the republic, founded only Aug. 15. The revolt came as Russia announced it was pulling troops out of North Korea. (There have been frequent predictions South Korean communists would revolt when the Russians begin leaving North Korea. In fact, Moscow reported Sunday a revolt had broken out in southeast Korea.)

(This report later simmered down to a small fight in Ulsan, southeast Korea. The current trouble is in southwest Korea.)

As far as is known, no U.S. occupying troops are involved.

The revolt broke with stunning suddenness early today at the port of Yosu (Reisui) and spread swiftly to Sunchon (Junten). Sunchon is 180 miles south of Seoul. Yosu is 20 miles southwest of Sunchon.

Stevenson States Green Considers Raising Gas Tax

Chicago, Oct. 20—(AP)—Adlai E. Stevenson, Democratic nominee for governor, said today that his Republican opponent, Gov. Dwight H. Green, is considering doubling the state gasoline tax by raising it three cents a gallon.

Chicago Democrats, meanwhile, announced a program of fireworks, a parade of 50 bands and 20 floats, and other demonstrations to welcome President Truman when he makes a campaign speech at the stadium Monday.

The FBI began investigating a threatening letter which Stevenson's headquarters said had been received by the nominee. U.S. attorney Otto Kerner Jr., said the letter may be the work of a crank.

Rep. William L. Dawson, Negro congressman from Chicago's first district, said at party rally that President Truman "will get more Negro votes in the nation Nov. 2 than any Democratic candidate for president ever got," and that he will set a similar record among Chicago voters because of his stand on the Civil Rights issue.

Capture Mental Patient Suffering From Nazi Phobia

Afton, Iowa, Oct. 20—(AP)—A gunman seized a cardboard box of money in the vault and scooped up some loose cash in the teller's cage but did not try for the bulk of the bank's funds in the same, the cashier related.

Schrammer said the gunman stayed in the bank until his partner started their automobile. Then the pair fled east from Virgil on blacktop road leading toward route 47.

Sheriff J. R. Ewing said J. B. White, 25, was arrested under a railroad bridge five miles south of Afton at about 4 p.m.

White surrendered to highway patrolman Cletus Stangl. He offered no resistance but carried an unloaded rifle and had shells in his pocket, Stangl said.

A posse had surrounded White after a tip from the Rev. Ralph Hindman, Arthur Aungst and Herman Conard.

Conard, who lived near White several years ago but didn't know the young man was being sought, had lent him his rifle.

The gun with which White sent a series of bullets through the windshield of a car containing Sheriff Ewing, Deputy William Hower, and White's father had been taken from him last night.

Trip Through West Is Not Political, Krug Declares

Albuquerque, N. M., Oct. 20—(AP)—Secretary of Interior Krug says his current trip through the west is not political.

Krug replied yesterday to a request by Rep. Harness (R-Ind.) of the general accounting office to withhold Krug's expenses for the trip.

Rep. Harness has the complete itinerary of my trip, so he knows it isn't political," Krug said.

Harness is chairman of a House subcommittee on campaign publicity and propaganda.

"Governor Dewey and Governor Warren are claim jumpers on the Democratic program for western development," Krug said. "And they both know very well they can't find a Republican congress to back up their promises to the west."

She was taken to the nearby Kilmar-

Divorced Husband Sues For Custody Of Unborn Child

Chicago, Oct. 20—(AP)—A divorced husband sued in circuit court today to determine his rights as father of an unborn child.

Lawrence C. Rubenstein, 35, a restaurant manager, filed the suit against his former wife, Mrs. Patricia Collins Rubenstein, 21, whom he divorced in July on a charge of cruelty.

Rubenstein's suit charges his ex-wife kept the knowledge of the expected birth from him. Now, the suit states, the former Mrs. Rubenstein is threatening to leave the state and place the child out for adoption after its birth.

Jury Ends Probe Of Vice, Gambling In Springfield

Springfield, Ill., Oct. 20—(AP)—A grand jury today reported several gambling law infractions in Springfield and Sangamon county and recommended prosecution of 11 alleged violators.

The grand jury, completing a three-day investigation of gambling and vice, returned no indictments.

In a report of its activities presented before Circuit Judge Dewitt Crow, the jury found that anti-gambling laws were violated by six "major" night clubs, four bookmakers and two pinball machine and three punch board distributing companies.

Those recommended for prosecution were the four bookmakers and seven persons identified by the jury with pinball and punch board operations.

The report said "alleged charges of payment of graft to public officials, as well as acts of malfeasance and misfeasance, are absolutely without foundation." It was signed by Jury Foreman Robert Cain a high school teacher.

Woman Pioneer In United States Education Dies

Chicago, Oct. 20—(AP)—Miss Marion Talbot, 80, the first officially designated dean of women in an American educational institution and professor emeritus of household administration at the University of Chicago, died today.

Miss Talbot's death occurred at her home, 5758 Kenwood avenue, where she had been confined to her bed for 18 months.

She came to the University of Chicago when it opened in 1892 and retired in 1923. During her 33 years with the university, she became known to thousands of women students on the midway. She was born at Thun, Switzerland, of American parents.

She was teaching at Wellesley college when Dr. William Rainey Harper, first president of the University of Chicago, offered her a teaching position in sanitary science, now home economics, and the first deanship of women ever established in the country.

From 6,000 to 10,000 troops already were in the area before additional troops were sent tonight.

Meanwhile, rail traffic along the Riviera was disrupted by a 24-hour regional strike ordered by communist unions as a demonstration of sympathy with the miners who have been out 17 days.

The general confederation of labor's communist leaders called for an unlimited general strike in the iron department, northeast of Toulouse, which has 297,000 inhabitants.

SCHACHT TELLS HIS STORY

Dr. Hjalmer Schacht, 71, former president of the reichsbank, who was deposed by Hitler and spent his last days of the war as a Nazi prisoner, has been tried several times. The allied tribunal freed him, with Soviet objections. The Soviets, of course, are willing to hang anyone who ever said "Good morning" to Hitler—except their own leaders, who made a deal with him.

Since then the German de-Nazification courts have kept him busy defending himself. He was once convicted, as was Anton Lang. In Germany life is so hard that anyone who gets a chance to squeeze somebody else seizes upon it as an opportunity to shine by comparison.

But now Schacht has written a book, "My Settlement with Hitler," telling how he disapproved the racial persecutions of 1939 and how Hitler dismissed him. It should show clearly that his only mistake was in putting any faith in Hitler in the first place. When he discovered the true nature of Nazi-ism he broke with it.

There's a lot of difference of opinion in our county on the best kind of pasture. Some say alfalfa mixed with bromegrass—others say mixed with oats or barley. But all agree that a mixture's better than a single crop.

I sometimes think people are the same way—and the strength of America is its mixture of so many different strains—from one country, some from another—right down to little differences: like folks who have a taste for beer and those who prefer cider.

From where I sit, so long as we never become intolerant of one another's different tastes—as long as we live together with our differences, and even supplement them the way bromegrass does alfalfa, then we're a mighty good crop!

So neighbor—enjoy your cider while I enjoy my beer! Vote for your candidate—I'll stand by mine! But never let our differences divide us!

Drugless Health!

REGARDLESS of how long you have been a sufferer, and how many medicines you have tried before, try GEO-MINERAL, the wonderful mineral aid. Feel and enjoy the results one week after you start taking it. GEO-MINERAL comes from the earth — Nature's laboratory. Contains NO alcohol, NO preservatives, NO dyes. NO harmful drugs, NO dope or a bad habit forming. GEO-MINERAL is ONLY Natural. It is the oldest, most reliable remedy for rheumatism, arthritis, kidney and stomach ailments — highly recommended by the medical profession.

FOR THOUSANDS of years ever since Hippocrates was the father of medicine, minerals and other natural medicines were a reliable remedy.

You can now have for relief in

GEO-MINERAL, the wonderful mineral aid. Feel and enjoy the results one week after you start taking it. GEO-MINERAL comes from the earth — Nature's laboratory. Contains NO alcohol, NO preservatives, NO dyes. NO harmful drugs, NO dope or a bad habit forming. GEO-MINERAL is ONLY Natural. It is the oldest, most reliable remedy for rheumatism, arthritis, kidney and stomach ailments — highly recommended by the medical profession.

We wish to state that after selling Geo-Mineral for eight months, this product has broken all sales records in the medicine line in our drug stores.

REPORTS JACK WILSON, president of Wards Drug Co., Anderson, S.C.: "Users report almost miraculous results helping sufferers with rheumatism, arthritis, weak kidneys, and various stomach ailments. GEO-MINERAL will enrich your blood, help to make you strong, full of pep, life and energy. If you suffer from nutritional anemia, nervousness, lack of vitality and energy see what GEO-MINERAL will do for you."

Amazing Results

MEDICAL records show 65% of men and women over 35 suffer from nutritional mineral-iron anemia.

When you feel nervous, dull, tired, lazy, have dizzy spells, no appetite, feel weak or place a poor appetite when your eyes lack that bright spark, and your mind brilliance, when headaches get the best of you, and you feel old before your time, and life seems not worth living, with worry wearing you down—it may be simply lack of minerals in your blood. GEO-MINERAL is the answer.

RHEUMATISM, arthritis are dreadful diseases. Acid condition in the blood is often their cause. What could be the remedy? For thousands of years, minerals have been used to relieve the pain and suffering of these ills. People, on the advice of their doctors, have gone to springs to find cure or relief. The late President Roosevelt used to go to Warm Springs in Georgia. He was helped or would not have gone

there twice a year.

Wonder Minerals

YEAR after year, people rush to mineral springs and spas, to drink and bathe in their miraculous water. We have all heard of the wondrous springs of Lourdes, France, and famous Thronion in ancient Greece where, according to legend, Hercules, the god of eternal strength and youth, drank its waters and bathed to be forever young.

GEO-MINERAL contains minerals you get at the world's best

When it's night, it's light—on CONCRETE ROADS

At night your headlights do a better job on concrete. Its light gray surface picks up and spreads illumination without "glossy" reflection. Pavement edges and obstructions are clearly defined.

And night and day, concrete's even, gritty-textured surface reduces skidding, aids stopping even in the rain. Driving is safer on concrete.

Concrete Saves Money, Too
Concrete not only saves money in surface maintenance, but usually costs less to build than other pavements of equal load-carrying capacity! Insist on concrete for your roads.

20,596 Eligible To Vote In Morgan Co.

The full voting strength of Jacksonville and Morgan county was registered Wednesday by County Clerk George T. Douglas, whose office has completed registration work in advance of the election Nov. 2.

A total of 20,596 persons in the county are registered and eligible to vote. This number is slightly above the registration for the primaries last April, when 20,581 names were on the books.

Jacksonville has 12,443 registered voters ready for action next month. Registration in the county outside of Jacksonville totals 7,153.

New figures prepared by the clerk's office show that the largest voting precinct in Jacksonville is Precinct No. 7 with a registration of 958. The largest precinct outside of the city is Waverly, No. 1, where the registration is 498.

Morgan county would cast a whopping vote next month if every voter whose name is on the books went to the polls.

Robbery Occurs At Legion Park

Near Jerseyville

Jerseyville—City police and the local sheriff's office were called shortly after noon Monday to investigate a stickup at the American Legion park north of the city.

According to reports of the robbery, two masked bandits, each with an automobile, drove into the park and stopped their vehicles in front of the Legion home there.

The masked men entered the home where they stuck up the custodian Lloyd "Bud" Woods, Jr. Woods was alone at the time the men entered. They had handkerchiefs tied over their faces, and warned him that it was a stickup.

They worked rapidly and one of the men removed several "fixtures" from the home and loaded them in the cars while the other remained inside and kept Woods covered.

When they prepared to leave, they warned Woods to sit on a chair and not stick his head out and get curious unless he wanted to get "plugged."

Woods was unable to get a description of the cars or the numbers of the license plates.

20 Horses Perish In Stable Fire At Hawthorne Track

Chicago, Oct. 20.—(P)—At least 20 race horses were believed burned to death last night in a fire which destroyed a stable at the Hawthorne track where a meeting ended last Saturday.

Henry Johnson, a stable watchman, said the dead horses were valued at an average of \$2,000 each. He said the "good" horses had been taken away at the conclusion of racing at the track Saturday.

Most of the dead animals, Johnson said, were rated as only "fair horses," and that some probably had been retired from the track, but at least a few would have raced in the current meeting at Sportsman's Park.

The watchman said 28 horses were in the stable when the fire of undetermined origin broke out near a center stall. Many of the horses, he added, had been led or driven to safety but they ran back and perished in the rapidly spreading flames.

At least a few horses were known to be safe, he said, but they were roaming the countryside and a final accounting of the loss could not be made until all are rounded up.

Wake Forest Star Best Pass Snagger Of Nation's Grids

New York, Oct. 20.—(P)—The race for pass-catching honors among collegiate grid stars of the nation, a wide open affair this season, finds a new man out in front for the fourth time as in many weeks.

He is Johnny O'Quinn of Wake Forest, who caught five forward passes for 117 yards and one touchdown against Duquesne last Saturday.

That ran his total to 20 catches in five games and sent him to the top of the national collegiate athletic bureau's weekly standings where he replaced Tennessee's Jim Powell, who was shut out by Alabama.

Lads In Yardage Gained

Not only does O'Quinn top the nation in the number of passes caught, the figure on which the NCAB bases the standings in that department, but he also leads in total gains on forwards with 254 yards.

The leading scorer among the pass-grabbers, however, is Hal Paul of Miami (Ohio) University. Although he has caught only eight passes, four of them have been for touchdowns.

Bill Olson of Columbia is the nation's standout at hauling down opponents' passes. He has intercepted seven passes in four games—three against Rutgers and two each against Yale and Penn—and is about to reach a new high for that art.

Elmer Tarbox of Texas Tech holds the college record for interceptions in one season with 11, set in 1938. Since then, no one has snatched more than nine.

Leading Punters

Paul Stombaugh of Furman is leading the punters, also at a record pace. Stombaugh is averaging 45.4 yards on 36 punts to date, compared with the college record of 43.3 set last year by Leslie "Footsie" Palmer of North Carolina State.

The leading safety man in the country at the moment is Lee Nalley of Vanderbilt. He has returned 20 punts for a total of 340 yards, both tops in the nation.

Billy Gregus of Wake Forest is out in front of all the others in the business of returning kickoffs. He has run back 14 kickoffs for a total of 311 yards. Like Nalley, both his figures are the nation's best.

Dike Eddleman of Illinois ranks sixth in the nation in the punting department. His average is 42.3 yards.

Chicago Cash Grain

Chicago, Oct. 20.—(P)—Wheat: None; Corn: new No. 3 yellow 1.46-49; No. 4, \$1.42; old: No. 1 yellow 1.55; No. 3, 1.52-53; Oats: none.

Bailey nominal: Malting 126-62; feed 1.06-28. Field seed per hundred-weight nominal: sweet clover 15.50-16.50; red top 43.00-45.50; timothy 12.50-13.00. Soybeans: No. 1 yellow 2.43-35. Track Country Station: No. 2, 2.44-44 TCS.

Chicago, Oct. 20.—(P)—Owner Phil Wrigley of the last-place Chicago Cubs said Wednesday there was "a difference of objectives" between Field Manager Charley Grimm and General Manager Jimmy Gallagher last season, but blamed the club's cellar finish on himself.

Only operational change for 1949, Wrigley said, is appointment of Coach Red Smith as "contact" man for possible player deals.

Difficult To Explain

Wrigley, who conceded in a paid newspaper advertisement last summer that the Cubs' rebuilding program was a flop, admitted that Grimm and Gallagher had been at odds.

"It's rather difficult to explain," said the chewing gum executive. "It wasn't real friction, but they had two different viewpoints."

The general manager, of course, is interested not only in the present, but also the future. The field manager's chief concern is the immediate day's game and whether he has the players to win it.

Wrigley said the Cub's experiment with several players, who needed a couple more seasons of top minor league experience, was a major factor in the club's last-place finish, second in Cub history.

Should Have Stepped In

"I should have stepped in to keep balance in the debates between Grimm and Gallagher over players Grimm thought he should have. I'm going to spend a lot more time with the baseball business from here on."

Wrigley said the Cub's experiment with several players, who needed a couple more seasons of top minor league experience, was a major factor in the club's last-place finish, second in Cub history.

You Can't Get A Firm Yes Or No

from Charley. He's such a good guy that when you ask him whether such and such a player would be all right, he agrees, even though he doesn't mean it and regrets it later on."

Wrigley said the Cubs, playing before 1,241,012 fans, may have made money, but the entire club organization lost cash.

The Cub boss predicted the team would be "a lot better" next season.

West Coast Player Lineman Of Week In AP Poll

New York, Oct. 20.—(P)—Lauri Niemi, Washington State College tackle, is the newest collegiate football lineman of the week.

He was selected on the basis of his sterling performance in state's upset victory over the University of Washington. He received the most votes of the 35 players nominated in the Associated Press poll.

The star from the Pacific northwest, thus joins Alex Sarkanian, Northwestern center, who a week ago was named lineman of the week.

Sarkanian was nominated against this week, but many observers of the Northwestern-Michigan struggle thought Michigan's center, Dan Dworsky, had a wee bit the better of their duel. Dworsky, whose specialty is line backing, was given the major credit for halting Northwestern's ground attack.

Chuck Bednarik, Pennsylvania's All-American center, played a whale of a game against Columbia. He achieved the ambition of every lineman—to score a touchdown. It came on a blocked kick.

Purdue Bringing Muzzle Loader

Lafayette, Ind., Oct. 20.—(P)—The Purdue-Illinois Cannon, a small muzzle loader of the early 1900s, was being polished here Wednesday.

It will be turned over to the winner of the trip to Champaign, where it Saturday's football battle between the Boilermakers and the Illini.

The cannon was put up as a gridiron trophy in 1943 and has been won three times by Purdue and once by Illinois.

Meanwhile, out on the practice field, Coach Stu Holcomb eased up a bit on scrimmage work. Sophomores James Weizer and John Beletic worked with the first stringers at right guard and right tackle and may be in the starting lineup, replacing veterans Abe Gibron and Pete Bartolak.

SOYBEANS ADVANCE IN ACTIVE DEALINGS; CORN IS HIGHER

Chicago, Oct. 20.—(P)—Strength in soybeans highlighted a generally firm market on the Board of Trade today. Soybeans advanced around 5 cents at times in active dealings. Announcement of additional export allocations surpassed the buying.

The star from the Pacific northwest, thus joins Alex Sarkanian, Northwestern center, who a week ago was named lineman of the week.

Sarkanian was nominated against this week, but many observers of the Northwestern-Michigan struggle thought Michigan's center, Dan Dworsky, had a wee bit the better of their duel. Dworsky, whose specialty is line backing, was given the major credit for halting Northwestern's ground attack.

Religious Works To Feature Week At City Library

Miss Frances Bailey, librarian announced the arrival of a new book, "Abram, Son of Terah" by Florence Marvyn Bauer—which will be ready for circulation during "religious book week" to be observed at the public library from Oct. 25-31.

Florence Bauer is also the author of "Behold Your King," one of a number of fictional books at the library with a Bible story background. Another book of the same type is Konrad Bercovit's "The Exodus," a narrative covering the familiar story of the Exodus, the slavery in Egypt, the escape from bondage and the wanderings in the wilderness with Moses as leader.

Other fictional books with religious settings are "David The King" by Gladys Schmitt, who based her novel upon King David of Israel and upon the Biblical story as found in the books of Samuel, Kings and Chronicles, and Dorothy Clarke Wilson's "The Herdsman," the story of Amos, one of the lesser prophets, but the first to discover God as love and justice. The historical background of the novel gives a fascinating and informative picture of Biblical times.

The library also contains several books of fiction woven around the story of young ministers. Three novels of which young ministers were the heroes are "The Bishop's Mantle" by Agnes Turnbull, "The Victory of Paul Kent" by Gauth Hale and "No Trumpet Before Him" by Nella G. White.

Edward Murphy's "Pere Antoine" depicts the struggles of a Spanish priest in 18th century New Orleans, while "The Missionary," written by Cornellia Spencer, is the story of a Chinese missionary. "Dust on The King's Highway" by Helen Constance White is an historical novel centering around the work of Father Garces, a Franciscan who worked among the Indians of California and Mexico about 200 years ago.

University Women To Sponsor Movie Series This Year

The Lyceum Movie Series which proved so popular last season at the Majestic theatre is being repeated again this year under the sponsorship of the A.A.U.W.

Mrs. Earl D. Biggs, 524 Diamond street, chairman of the ticket sale, will have season books for sale as will the managers office of the Illinois theatre.

The following listed pictures will be shown and in the order named: "The Tawny Pipit"; "To Live In Peace"; "Captain Boycott"; "Moonlight Sonata"; "Shoeshine"; "Johnny Frenchman"; "Dead of the Night"; "Nicholas Nickleby."
